DETAILED ACTION

The Preliminary Amendment filed 07 September 2004 has been entered and considered in the Office Action below.

Specification

1. The abstract of the disclosure is objected to because the abstract is longer than 150 words. Correction is required. See MPEP § 608.01(b).

2. Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited. The form and legal phraseology often used in patent claims, such as "means" and "said," should be avoided. The abstract should describe the disclosure sufficiently to assist readers in deciding whether there is a need for consulting the full patent text for details.

The language should be clear and concise and should not repeat information given in the title. It should avoid using phrases which can be implied, such as, "The disclosure concerns," "The disclosure defined by this invention," "The disclosure describes," etc.

3. The disclosure is objected to because the "Cross-Reference to Related Application" data should be updated to include the patent number of all parent applications. Appropriate correction is required.

Claim Objections

4. Claim 21 is objected to because of the following informalities: While a review of the drawings provided by applicant has lead to the examiner understanding that the "liner hanger" and "body of the liner hanger" actually part of the liner itself, the wording of claim 21 does not make this apparent. Claim 21 should be amended to indicated that "the liner hanger" and "the body of the liner hanger" are part the liner that is being hung. Appropriate correction is required.

Allowable Subject Matter

5. Claims 21-40 are allowed.

Conclusion

6. This application is in condition for allowance except for the formal matters indicated above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer H Gay whose telephone number is (703) 308-2881. The examiner can normally be reached on Monday-Thursday, 6:30-4:00 and Friday, 6:30-1:00.
